The New Jersey Fire Sprinkler Advisory Board (NJFSAB) hosts free fire safety talks and Fire Sprinkler Burn Trailer Demonstrations for schools and community organizations across New Jersey. The program features fire safety tips, interactive discussion, information about how fire sprinklers work, and a live fire suppression demonstration safely viewed from the large picture window of the burn trailer.

Multiple Fire Sprinkler Burn Demonstrations can be scheduled throughout the day to accommodate audience sizes. Demonstrations are offered from March–November.
