NOT A MEMBER? LIKE PAYING FULL PRICE FOR TRAINING?

Effective January 1, 2019, all NFSA training (in class and online) will require attendees to login to their account to register and/or receive member pricing. Pricing will be displayed based upon whether you are a member or not. This “Training Only” non-member account will give you access to register and attend at non-member pricing (2x Members). We have worked hard to create reasonably priced memberships for all the various individuals that use NFSA to provide training and other resources. If you do not wish to join as a member, but want to participate in training events, this account is for you and provides no membership benefits.
